## Tell Us What You Think!

We are always striving to provide the highest quality programs and services to our residents, and there are a variety of ways that we ask for your comments and suggestions.

The most comprehensive tool we use is the resident satisfaction survey. This year we will be using a survey from Holleran Research and Consulting, a nationally known firm specializing in performance surveys for senior communities. The survey questionnaire (one per resident) will be mailed to you the week of May 9. We ask you to please take the time to complete and return the survey to the Marketing Department in the envelope that will be provided **by May 20**.

Your responses are completely confidential and will be sent directly to Holleran Research for tabulation. When we receive the results we will share them with you, as we have done in the past, and will use the themes and recommendations to help us to improve our services. We will also be using a Holleran survey tool for residents of Corson and the Health Center and family members of Health Center residents.

Here is your opportunity to provide feedback on all areas of programs and services at Cornwall Manor. We are hoping for a 100% response rate!
